Dear Sir/Madam,

In reference to my letter no. 5/2/42/3799 dated 26/5/2021 (attached) concerning MoPIC's commitment towards Adaptation Fund (AF) policies for Environmental & Social and Gender, and following re-accreditation panel request in this regard, I would like to reiterate MoPIC's commitment to abide by AF's Environmental and Social Policy and Gender Policy in all AF funded-projects. This letter sets another example of Ministry's effort to fulfill the requirements of the re-accreditation panel to the fullest extent possible.

I look forward to receiving your positive feedback at your earliest convenience.

Sincerely,

Nasser Shraideh
Minister of Planning and
International Cooperation

Marwan Al-Refai
Acting Secretary General

Cc\International Cooperation Department, PAC

Dear Sir/Madam,

In reference to the re-accreditation of the Ministry of Planning and International Cooperation (MoPIC) as a National Implementing Entity in Jordan for Adaptation Fund (AF) funded-projects, and following the feedback received from the re-accreditation panel overseeing this process concerning the necessity to assure MoPIC's commitment towards AF policies for Environmental & Social and Gender, kindly be advised of MoPIC's commitment to those policies in all AF funded-projects. In this context, I would like to highlight that the Ministry has exerted all possible efforts during the process of re-accreditation to fulfill the detailed requirements of the panel, which were in some cases very difficult to meet. Also, I would like to reaffirm that MoPIC, as a governmental entity, abides by the applicable laws and regulations of Jordan, and works in complementarity with other governmental entities in all aspects.

Accordingly, I would highly appreciate your kind support to Jordan's re-accreditation application, and I look forward to receiving your positive feedback at your earliest convenience, so that the Ministry is qualified for future support from the AF.

Sincerely,

Nasser Shraideh
Minister of Planning and
International Cooperation
